

**Earth and Environmental Science
Winter Packet (Alternate Assignment)**

The official Winter Packet assignment is through Edgenuity. If you do not have access to Edgenuity during the winter break, please complete the following alternate assignment. You may handwrite or type this assignment. It is due on January 3, 2017.

Select TWO of the modules below and complete the following tasks for each chapter:

1. Skim the content of each chapter.
2. Select ONE Essential Question from the beginning of each Chapter within the Module. Write the Question and the answer in a complete sentence
3. Complete the Vocabulary Review questions at the of each chapter. You do NOT have to write the questions, just the answers.
4. Complete the Understanding Key Concepts questions at the end of chapter. You do NOT have to write the questions, just the answers.

Modules:

1. Astronomy: Complete Chapter 27
2. Dynamic Earth: Complete Chapters 17, 18, 19
3. Earth's Lithosphere: Complete Chapters 5, 6, and 7
4. Earth's Hydrosphere: Complete Chapters 9, 10, and 15
5. Earth's Atmosphere: Complete Chapters 11, 12, and 14
